To help pet owners spread the cost of their pets' routine care we have developed our own practice savings scheme – Ambleside's Healthy Pet Club.

The benefits

Our pets need regular preventative treatments to stop them from getting fleas and worms. Our personalised health plans are designed to suit the health care needs of your pets through a simple monthly direct debit.

Our health plans provide:

- an annual full clinical examination with a veterinary surgeon
- a six-monthly health check with a veterinary nurse
- vaccinations
- parasite control
- special offers and discounts on a wide range of products and services.

Health checks

Routine health checks are a great way to assess your pets' general health. During the appointment your pet will be checked for any signs of illness and you will be asked questions about your pets' lifestyle.
